The stuff of motoring dreams

## TRAY CHIC

Unless you want to run the risk of a fine for bad driving, it's best not to eat at the wheel while on the move. However, if you want a snack without spilling crumbs on your clothes, or over the seats, the Travel Flexi Lap-Tray may be for you. It acts as a folding tray that catches any spillages, which can then be swept into the pocket at one end until you are ready to dispose of them. Useful for those with a life on the move, it costs £4.99 and is available from Bibetta on 01223 840 236 ([www.bibetta.co.uk](http://www.bibetta.co.uk))
